## The Inveralmond Brewery

Beautiful beer  
from the heart of Scotland

The Inveralmond Brewery produce quality, award winning beers from their brewery on the outskirts of the City of Perth, Scotland.

Established in 1997, Inveralmond was the first brewery in the area for 33 years. And it is an ideal area for brewing beer: the magnificent surrounding countryside and history has been the inspiration for the original recipes which, coupled with the Head Brewer's experience, create beers of exceptional quality. The pure water sourced from Loch Turret, renowned as the main ingredient of the many famed whiskies once produced there, is an essential factor in the Inveralmond range of beers.
